2. Follow-ups from 18 November meeting

- a. Spirit Week Overload
 - i. Parents were pleased at the reduced number of 2024 Holiday season spirit days but the schedule seemed sporadic so it was tough to remember for some
 - ii. Counselors didn't seem to carry that memo over to the upcoming spirit week
- b. AAFES Lunch
- c. Contact with Lunchroom liaison was made. Option to have altered menu delivered to email weekly and work with staff to adjust on a child to child basis

3. New Agenda Items

- a. School-Wide Recycling
 - i. Having a SME come to teach about it
 - ii. Widespread availability of Yellow and Blue bins in addition to Refuse
 - iii. Especially in classrooms, everything goes into the same bag
 - 1. Assuming it does not get sorted by hand, this is way too much refuse
- b. RISE Incentives
 - i. The rally last week seemed fun for the students
 - ii. Concern that this reward system only benefits the students who are already inclined to behave
 - iii. Staff hand out tickets like they're going out of style
 - iv. Classrooms also have daily or weekly 'treasure box' drawings
 - 1. Most of the prizes are single use junk
- c. Kindergarten Class Transparency

- i. This has been noted before but parents seem to still be frustrated about the lack of communication about their child's assigned teacher vs who is actually in the classroom teaching day to day
 - 1. Is this person qualified?
 - 2. How much longer will this last?
 - 3. Why was I not informed about this change before my child was placed into the class? *for a late entry kiddo*
- d. 3D Printer
 - i. How are we using it to facilitate learning?
- e. Muddy Field Issue
 - i. PreK and Kinder families who have to leave the stone pathway in order to pick up/drop off their child(ren)
 - ii. Muddy/Wet kids and feet
 - iii. Terrible for the grass
